

BERNINA 3 SERIES

SIMPLY
JOYFUL

BERNINA *made to create*

The BERNINA 3 Series

Your new go-to machine

Being a sewist, a maker, a creator is serious business. When it's time to make, your creativity deserves the support of a great partner. Meet the B 335 and B 325 machines. Small enough to fit into any sewing nook, yet powerful enough to stitch through your toughest materials and ideas. Plus, they look as good as they sew. They are after all, BERNINA.

QUALITY FROM TOP TO BOBBIN

The BERNINA 3 Series allows you to enjoy your favourite hobby to the fullest. On the inside, modern technology and reliable quality ensure that nothing prevents you from being creative. On the outside, it's the simple, user-friendly handling that will convince you. Settings can be changed directly on the colour 4.3-inch touch screen. The direct selection buttons allow quick access to functions such as needle stop up/down, stitch width, pattern end or securing a seam. Stylish sewing with BERNINA, is that easy!

SIMPLE EDITING ON THE TOUCH SCREEN

The desired stitch is selected quickly and easily via the touch screen and the stitch width and stitch length are set automatically and can be conveniently adjusted using the buttons. You can combine stitches or customise decorative stitches using the pattern change function. You can create continuous patterns using pattern repeat. Individually adjusted stitches can easily be saved so that nothing gets lost. And what's more, all the settings are visible on the display. Simple. Stunning. Creative.

COMFORT BECOMES STANDARD

Frequently used functions such as start/stop for sewing without a foot control, securing at the beginning or end of a seam or reverse sewing are easily accessible just above the needle. Choose whether your machine stops with the needle up or down at the touch of a button. When the button is pressed, the needle moves half a stitch at a time – convenient, for example, when bringing the bobbin thread up after threading. The pattern end button is invaluable when sewing decorative stitches. The continuously variable speed control allows you to sew up to a rapid of 900 stitches per minute.

BERNINA FREE HAND SYSTEM (FHS)

Raise or lower the presser foot while simultaneously lowering the feed dog without having to take your hands off the fabric – that's the joy of the BERNINA Free Hand System (FHS). The knee lever makes it possible! Add FHS functionality to your B 335 with the optional knee lever – simply insert it and you're ready to go. The FHS is not available on the B 325.

GOOD THINGS COME IN SMALL PACKAGES

Large enough to stitch your favourite projects, but small enough for compact spaces, the BERNINA 3 Series offers 16 cm (6.3 inches) to the right of the needle. The freearm makes manipulating closed items, such as sleeves or trouser legs, particularly easy and convenient.

BRIGHT AND CONVENIENT

The semi-automatic threader makes threading the needle simple and the bright LED sewing light lets you sew through the night.

For creative DIY fans

Whether you want to sew personalised clothes, love upcycling, create unique accessories, piece a quilt top or quickly mend something - the B 335 and B 325 are always at your side. Fabrics of all kinds can be easily sewn or embellished with decorative stitches. Whatever your creative heart desires, thanks to their wide range of functions, anything is possible.

ADJUSTABLE PRESSER FOOT PRESSURE

The presser foot pressure can be adjusted to fine-tune your sewing. Fine, slippery, but also thick, heavy fabrics are fed more efficiently by adapting the presser foot pressure. Simply set the desired value with the rotary dial – perfect sewing can be that easy.

ALWAYS THE RIGHT TENSION

The thread tension can be instantly adapted to the fabric and thread using the small wheel. The optimum thread tension ensures that both visible and covered seams are always precise.

ACCESSORIES COMPLETE THE PICTURE

Practical accessories make sewing easier and even more enjoyable. The B 335 and B 325 are equipped with a wide range of BERNINA presser foot soles as standard. This allows you to achieve your goals quickly and conveniently. The accessories are neatly stored in a small, stylish bag. The Free-arm Slide-on Table creates an even larger support surface and space around the needle. In addition, the BERNINA 3 Series can be enhanced with the unequalled range of BERNINA optional accessories.

STITCHES, ALPHABETS AND MORE

Enjoy the great selection of sewing and decorative stitches. The most beautiful stitches in various categories and alphabets make individual pieces even more unique. Functions such as the button sew-on programme save a lot of time. The B 335 also provides the Buttonhole Foot with Slide #3A to sew buttonholes automatically. Whatever you want to create, the 3 Series is ready!

HELP WHEN YOU NEED IT

The Sewing Consultant gives assistance with individual settings. Simply select the fabric and the application, confirm and the machine will set the stitch and make suggestions for all other settings. The on-screen help and the tutorial are available to offer additional support for beginners.

The advantages of the BERNINA 3 Series:

- 1 Modern design and compact size
- 2 Plenty of power with high stitching strength thanks to the DC motor
- 3 Centrally positioned, colour, 4.3-inch touch screen
- 4 Adjustable presser foot pressure
- 5 Adjustable thread tension
- 6 Semi-automatic needle threader
- 7 Large selection of sewing stitches and fonts
- 8 Free arm for sewing tubular pieces
- 9 Helpful tutorials and sewing consultant
- 10 Bright LED sewing light

#A BIG DAY

“The quality and precision of the stitches – the B 335 offers exactly what I need.”

ALEXANDRA, HOBBY SEWIST FROM GERMANY

Alexandra loves thrift flipping, which means upcycling old pieces of clothing to create new outfits. Her personal Big Day is mastering a new challenge with every project.
